### General English (GE)

This program is designed to help students learn English. There are six levels in this program:

1. Beginner
2. Elementary

3. Pre-Intermediate
4. Intermediate
5. Upper-Intermediate
6. Advanced

Students will be given a Placement Test upon arrive at the Academy to determine their level. As students successfully progress through assessment, they will be moved up to the next level. Students will learn Reading, Writing, Speaking and Listening skills in each level. Each week will be structured around a theme and the teaching and assessment tasks will be related to that theme.

### **English for Academic Purposes**

English for Academic Purposes (EAP) is designed for those students wishing to attend courses in Higher Education. Our courses are holistic, and all students participate in Group Work, Class Presentations, Report Writing, Note-Taking, Critical Thinking, and In-depth Essay Writing. The courses are designed to make the transition to university or Higher Education as easy as possible.

### **IELTS Preparation**

This program is designed to cater to students who wish to undergo an intensive course to quickly improve their IELTS band score in Academic or General Training tests. There are two levels in this program:

1. Upper-Intermediate
2. Advanced

To enrol in this course, students must meet one of the following prerequisites: successful progression from the Intermediate level or higher at AAC, an overall IELTS band score of 5.0 (or equivalent), or a satisfactory result in the AAC Placement Test for new students.

This course is designed to help students develop a thorough understanding of the IELTS test format and effective strategies to help students receive their desired band-score. It also focuses on improving Speaking skills, constructing well-structured Writing tasks, and receiving detailed feedback from experienced IELTS instructors. Each week, learning and assessment activities will be structured around a central theme, ensuring an integrated and engaging approach to skill development.

## Course Duration

	Weeks per Level
<b>General English [Beginner to Advanced]</b> <i>CRICOS Code: 093103A</i>	12 weeks per level
<b>English for Academic Purposes</b> <i>CRICOS Code: 093104M</i>	12 weeks per level

## Delivery Mode

All ELICOS courses are delivered on-site at AAC's Language Centre in Sydney, located at **Level 5, 579 Harris Street, Ultimo, NSW 2007**.

Classes are conducted in-person by experienced, qualified ELICOS teachers, allowing for direct interaction, immediate feedback and collaborative activities.

## Assessment Procedures

Students will complete weekly formative assessment to evaluate their understanding of each week's topics and to identify areas for improvement. Every four (4) weeks, a summative assessment progress test will be conducted, and a report will be prepared to document the student's progress.

At the AAC Language Centre, we ensure that assessments are fair, consistent and aligned with learning outcomes through rigorous moderation and validation processes. These processes guarantee that assessment tasks are reliable, valid and appropriate for the level of study.

## Attendance

All ELICOS students are required to attend a minimum of 20 contact hours per week to meet their student visa requirements and to gain maximum benefit from the classes. Students are required to maintain at least 80% attendance and meet course progress standards.

## Excursions

ELICOS classes hold a monthly excursion, typically scheduled during Assessment Week to integrate activities into student's Writing and Speaking assessments. These excursions are considered an essential part of the curriculum and attendance is mandatory. Excursions usually last for 3 to 5 hours and are facilitated by the respective class teachers. While we strive to keep costs minimal, some excursions may involve venues with higher entry fees, such as Taronga Park Zoo or Luna Park. In

such cases, the excursion will only proceed if all students agree to participate. Efforts are made to secure student discounts wherever possible to reduce costs.

## Course Progression

The Australian Academy of Commerce (AAC) monitors the course progression of ELICOS students to ensure they meet academic requirements and visa conditions in compliance with the ELICOS Standards 2018 and the National Code 2018.

### Monitoring Progress

- Students are assessed through weekly formative activities and summative progress tests every four weeks.
- Results from progress tests are reviewed to identify students who may be at risk of unsatisfactory progress.
- Students identified as at risk of not meeting course progress standards will be invited to meet with the Director of Studies ELICOS for an early intervention strategy.

### Unsatisfactory Course Progress

- Unsatisfactory course progress is defined as failing to meet the required outcomes in assessments over two consecutive progress review periods.
- If a student continues to show unsatisfactory progress after intervention, AAC may issue an Intention to Report Letter, notifying the student of the intention to report their progress to the Department of Home Affairs (DHA) via PRISMS.

### Appeals Process

Students may appeal decisions regarding their course progress by submitting a written appeal within twenty (20) working days. Appeals can be made on the grounds of:

- Compassionate or compelling circumstances.
- Procedural errors in assessing their progress.
- Evidence of improvement not reflected in prior assessments.

## Certification

AAC's ELICOS certification follows the Common European Framework of Reference for Language (CEFR), an internationally recognised framework for describing and measuring language proficiency across many countries, not just Europe. Certification is issued within thirty (30) calendar days if all outstanding and agreed fees have been paid, and their Unique Student Identifier (USI) has been provided.

## General English (GE)

### Payment of Fees

Students may pay tuition fees in full or in instalments as outlined in their Letter of Offer and Written Agreement.

Fee payment plans are given to all students. Once enrolment in a course has been confirmed, fees must be paid according to the payment plan. Each term fee must be paid before the term commencements and students will receive a reminder notice ten (10) days before the due date.

ELICOS students must pay an upfront fee of \$1300AUD which includes \$1100AUD for approximately 5 weeks of tuition and a \$200AUD application fee. The remaining tuition fees are divided into two instalments to be paid during the course of study.

- AAC will not collect more than \$1500 AUD of the student's total tuition fee for a course before the student begins the course.
- AAC will not require any remaining fees earlier than two (2) weeks before the start of the student's second study period.
- A student may voluntarily pay earlier than two weeks but is not required to do so
- An exception to these two (2) weeks rule is if the fees are in relation to the first study period, or if it is a debt.
- After the first study period, AAC has no restrictions on when or how much tuition fees it can collect. However, students are still responsible for ensuring timely payment of their fees as per the payment schedule agreed to in their written agreement.

A late payment penalty will apply if the tuition fees are late:

- \$100.00 AUD if paid within 7 days after the due date
- \$200.00 AUD if paid more than 7 days after the due date

If fees are unpaid fourteen (14) days or more after the due date, AAC will inform the student in writing of its 'Intention to Report' for non-payment of fees to the Department of Home Affairs (DHA) via PRISMS.

A 10-day cooling-off period is offered from the time the student signs the Written Agreement and makes the initial payment. If the student withdraws during this period, a full refund of tuition fees will be provided, less the application fee.

## Refund Policy

Refunds are processed according to the terms specified in the student's Written Agreement. Refund eligibility is determined by the following scenarios:

Scenario	Refund Amount
	Refund calculated in accordance with the ESOS Act:
Visa refused before course commencement	Course fees paid minus the lesser of 5% of course fees or \$500 (less application fee).
Withdrawal > 28 days before course start	80% of tuition fees (less application fee)

Withdrawal < 28 days before course start	50% of tuition fees (less application fee)
Withdrawal after course commencement	No refund
Provider default	Refund of unused portion or transfer to another provider.

AAC will issue refunds in advance of payment of tuition fees within 28 days before course commencement when:

- A student's visa application is rejected by the Department of Home Affairs (DHA), and the student does not commence the course or withdraws before the agreed starting day, the refund will be calculated in accordance with Section 47E of the ESOS Act and the associated legislative instrument. The refund amount will be the course fees paid, minus the lesser of:
  - 5% of the course fees received by the institute before the default day; or
  - \$500.

The official visa refusal letter from DHA must be provided as evidence to process the refund. This approach ensures compliance with the ESOS Act requirements.

- If you withdraw from your course 28 days or more prior to the commencement of your course (commencement of course is defined in this policy and procedure as the course start date as per the original Application Form submitted by the student or an agent and not subsequent enrolment changes to the starting date), 80% of your tuition fee will be refunded;
- If you withdraw from your course less than 28 days prior to the commencement of your course, 50% of your tuition fee will be refunded;
- If you applied for a visa extension and it was not granted by DHA; the unused tuition fees are refunded in full;
- If you are a current student and withdraw in writing 28 days or more prior to the commencement of the following term AAC shall refund the unused tuition fees;
- If a student is provisionally enrolled, on condition of achieving evidence of acceptable English Language Proficiency, and the student cannot achieve the required level, all tuition fees and charges corresponding to the course will be refunded less a charge of \$300 AUD cancellation fee.

The Australian Academy of Commerce (AAC) will not issue refunds for:

- Application fees, and non-tuition fees such administrative / materials fees;

- If you withdraw from your course after the course has commenced;
- If you withdraw from your course not in accordance with your visa obligations and behaved not in good faith;
- Change in student's work hours;
- Inconvenience of travel to class;
- Moving interstate or overseas;
- Job changes or retrenchment;
- Students who leave before completing the course &/or qualification;
- If a student becomes a permanent resident of Australia during the program. No guarantees of university or other pathway places will apply to such students;
- If DHA has rejected your student visa application based on their finding that you have supplied fraudulent documents along with your student visa application.

Eligible refunds will be refunded within 28 days of receipt of written notification. AAC will provide the student a statement that explains how the amount has been worked out.

Refunds will only be given to the person who paid the tuition fees. Refunds will be made in Australian Dollars to the account specified in the refund application.

The written agreement, and the right to make complaints and seek appeals of decisions and action under various processes, does not affect the rights of the student to take action under the Australian Consumer Law if the Australian Consumer law applies.

AAC is committed to transparency, fairness, and compliance in all financial dealings. For full details, refer to the **AAC's Fees Management & Refund Policy and Procedure**.

## TRANSFER BETWEEN REGISTERED PROVIDERS

ELICOS students cannot transfer to another provider before completing **six months of their principal course** (of the first six months of an ELICOS course if it's their principal courses), unless:

- The releasing provider issues a release letter in PRISMS
- The transfer meets certain circumstances as outlined in the National Code.

Transfers may be approved if:

- The original provider is unable to deliver the course

- The transfer is in the student's best interest, such as:
  - The course better meets their academic or language proficiency needs
  - Compassionate or compelling reasons exist (e.g., personal or medical reasons).
  - The student provides evidence of acceptance into a course at another provider.
  - The transfer aligns with the goals of the ELICOS program (e.g., progression to further study).

AAC ensures transfer requests are assessed fairly, considering academic progress, visa compliance, and student welfare. Transfers are not approved to avoid reporting for academic progress, fee payments, or attendance issues. Decisions, including approvals or refusals, are recorded in PRISMS, with students receiving a release letter if the transfer is granted.
